❖ Summary

Highly skilled in quality control and Production systems management with 7+ yrs experience across food products manufacturing sectors. Possess deep understanding of compliance standards, process optimization, and risk management strategies. Demonstrated ability to lead teams towards achieving consistent product quality and operational efficiency. Improved system processes and documentation, resulting in enhanced product reliability and customer satisfaction.

❖ Experience

● Grate galleon venture Ltd.

May 2024 – till now

Executive QC& RD

➤ Product Quality Assurance:

- ✓ Primary focus is on ensuring all products adhere to the company's strict standards for quality, safety, and consistency.
- ✓ This involves rigorous testing and inspections of raw materials, finished products, and packaging materials on a regular basis.

➤ Quality Control System Development and Implementation:

- ✓ Develop and implement comprehensive quality control procedures and protocols.
- ✓ Set precise specifications for raw materials, finished products, and packaging materials.

➤ Quality Issue Investigation and Resolution:

- ✓ Thoroughly investigate the root cause of any quality issues that arise.
- ✓ Implement effective corrective and preventive actions to minimize future occurrences.

➤ Maintaining Quality Records:

- ✓ Meticulously maintain accurate records of all quality control activities.
- ✓ This includes test results, inspection reports, and details of corrective and preventive actions.

➤ Regulatory Compliance:

- ✓ Stay abreast of all relevant industry regulations, including food safety, labeling, and alcohol content regulations.
- ✓ Ensure the company's products consistently comply with all applicable laws.

➤ Employee Training:

- ✓ Provide comprehensive training to employees on all aspects of quality control procedures and protocols.

➤ Industry-Specific Responsibilities:

- ✓ Conduct sensory evaluations of products, assessing taste, aroma, and appearance to ensure they meet established standards.
- ✓ Monitor the production process to ensure adherence to quality control procedures.
