Dob: 08/11/2000

Address: Sangola, Solapur, Maharashtra - 413307.

OBJECTIVE

A hardworking and enthusiastic life science student with keen interest in disciplines of Microbiology, Molecular biology and Biotechnology seeking a research position where I can contribute my knowledge and skills.

EDUCATION

Central University of Karnataka, Kalaburagi, 585367.

MSc Life science, 2022-24. Percentage – 84.21%.

Modern College of Arts, Science and Commerce, Pune-05.

BSc Microbiology, 2019-22. Percentage – 79.58%.

Maharashtra Secondary and Higher Secondary Education Board (SVM)

12th Standard, 2018-19. Percentage – 63.23%

Maharashtra Secondary and Higher Secondary Education Board (SVM)

10th Standard, 2016-17. Percentage – 92.20%.

EXPERIENCE

Agharkar Research Institute, Pune, India.

Feb 2024- June 2024.

Dissertation Title: **“Exploring Microalgal capability with Integrated Biochar to reduce the Pollutants in wastewater.”**

Under guidance of Dr. Karthick Balasubramanian, Scientist E, Biodiversity and Paleobiology group – Diatoms, ARI.

Dissertation: During my coursework of master's degree, I have worked on microalgae especially diatoms and green algae to reduce the pollution levels of wastewater integrating biochar with it. I have done the sample collection and morphological (DIC microscope) and molecular (PCR) identification of microalgae. I have studied the growth kinetics of microalgae by cell counting, dry biomass estimation method and chlorophyll estimation. Also, the effects of biochar on growth of microalgae and its role in bioremediation. For assessing pollution and nutrient levels of wastewater I have done various water quality assessment tests like pH, DO, EC, TSS, TDS, total Phosphorus estimation by ascorbic acid assay and hardness of water.

SKILLS

- Laboratory Skills –
 - ✓ **SDS PAGE and agarose gel electrophoresis.**
 - ✓ Lowry and Bradford assay for protein estimation
 - ✓ UV/Vis Spectroscopy
 - ✓ **Polymerase Chain reaction (PCR)**
 - ✓ Water Quality parameter analysis –
pH, DO, EC, TDS, TSS, Ascorbic acid assay for total phosphorus estimation, Hardness of water.
 - ✓ Biomass estimation, Cell counting, Chlorophyll estimation.
 - ✓ **Microscopy** – Live and cleaned **light microscopy, Inverted Microscope, DIC** microscopy equipped with camera and computer system.
 - ✓ **Basic microbiology techniques** –
Pour plate, spread plate, streak plate, autoclaving, media preparation, subculturing, replica plating. Culture preparation and maintenance.
 - ✓ Paper chromatography.
 - ✓ Permanent slide preparation.
 - ✓ **DNA extraction** (Chelex 100 method).
 - ✓ Hemocytometry.
- Software and Bioinformatics Skills –
 - ✓ MEGA 11
 - ✓ BLAST
 - ✓ Finch TV
 - ✓ GIMP
 - ✓ AutoDock
- Technical Skills –
 - ✓ Microsoft office Suite (Excel, Word, PowerPoint)
- Soft Skills –
 - ✓ Communication
 - ✓ Presentation Skills

ACHIEVEMENTS

- ✓ CCC course.
- ✓ Smt. Geeta Israni Scholarship Awardee for the year 2020-21 & 2021-22.
- ✓ GAT-B 2022.
- ✓ CUET – PG 2022.
- ✓ Business Development and Research Specialist Intern – Younity May 2023.
- ✓ Vaccine technology workshop at IIT Hyderabad.

REFEREES

- Dr. Rakesh Kumar, Assistant professor, Central University of Karnataka, [rakeshkumar@cuk.ac.in]
- Dr. Vimal Kishore, Assistant professor, Central University of Karnataka, [vimalkishore765@gmail.com]

- Dr. Kavishankar Gawli, Assistant professor, Central University of Karnataka, [kavishankar@cuk.ac.in].
- Apurva Barge, PHD fellow, National Chemical Laboratory, Pune, [bargeapurva@123.gmail.com].

DECLARATION

I hereby declare that all the information noted above is accurate to the best of my beliefs and I take full responsibility for the correctness of the information.

Date:01/04/2025.
