Dear Hiring Manager,

I am writing to express my interest in the Food Technologist position at Your Company, with a strong background in food science, coupled with my hands-on experience in product development, quality control, and quality assurance, I am excited about the opportunity to contribute to your innovative team.

I hold a Bachelor degree in Food Science & Technology from S.R.T.M. University, where I developed a solid foundation in food chemistry, microbiology, and processing technologies. During my tenure at Parle, Britannia industries, I played a pivotal role in the development and optimization of several new food products.

In my previous role, I collaborated closely with cross-functional teams including R&D, marketing, and production. This experience honed my skills in project management and reinforced my commitment to ensuring product safety and regulatory compliance. I am adept at using various analytical tools and methodologies to monitor and improve product quality, ensuring that all products meet stringent quality standards.

I am confident that my proactive approach and passion for food technology will make a significant contribution to your ongoing projects and future initiatives.

Enclosed is my resume, which provides additional details about my professional journey. I look forward to the opportunity to discuss how my background, skills, and enthusiasms align with the goals of your esteemed company. Thank you for considering my application.

Sincerely,

Praful Suroshe
