EDUCATION

JNTUA COLLEGE OF ENGINEERING Kalikiri

2020 – 2024

B.Tech – Food Technology - CGPA - 7.2

Kalikiri, Andhra Pradesh

Narayana Jr College , Razole

2017 – 2019

Intermediate -MPC - CGPA - 9.96

Razole, Andhra Pradesh

Eswara English medium High School , Turputhallu

2016 – 2017

Ssc - CGPA - 9.5.

Turputhallu, Andhra Pradesh

PROJECTS

Management of Food Quantity Intake (mini project)|09/2022-12/2022|

- Developed a comprehensive food technology project focused on optimizing food quantity intake to enhance dietary efficiency and minimize waste.
- The project involved analyzing consumption patterns, designing portion control strategies for the local village people.

Development of Prickly Pear Fruit Butter | 11/2023-02/ 2024|

- The project encompassed formulation, processing and preservation techniques to enhance flavor, texture and shelf-life. Conducted sensory evaluations and nutritional analysis to ensure product quality and consumer acceptance.
- Handled the equipment like Hot Air Oven, Muffle Furnace, pH meter, Hand Refractometer, Total Reducing Sugars Test, Titratable Acidity Test, Autoclave, Laminar air flow.
- We successfully created a market-ready, nutri-rich spread, contributing to value addition and utilization of Prickly pear fruit.

INTERNSHIPS

• Hindustan Coco Cola Beverages, Srikalahasti, Tirupati

05/2023-06/2023

- An internship at Hindustan Coca-Cola Beverages. Learning about flavor formulation and ingredient selection.
- Conducting sensory evaluations and quality assessments.
- Gaining knowledge of quality assurance protocols and standards.
- Learning about microbiological and chemical testing methods.
- Learning about equipment Top load Tester, bursting strength, Water tests, Turbidometer, Torque Test.
- Understanding the implementation of food safety regulations (e.g., FSSAI, HACCP).
- Observing and participating in the production process.
- Understanding different types of processing technologies used in beverage production.
- Learning about packaging technologies and material selection.

• Hindustan Unilever Limited, Dowleswaram, Rajahmundry

03/2024-04/2024

- Understand large-scale production, quality control, and safety standards.
- Quality Assurance and Control of HUL's quality standards and testing procedures.
- Understand how HUL conducts sensory panels and consumer research. Study HUL's practices in ensuring microbial safety and quality.

CERTIFICATIONS

- Dairy and Food Process and Products Technology– NPTEL IIT KHARAGPUR
- Excel using AI – Office Master 1 day workshop
