8590693659

Panchami Nilaya, Maithrinagar, Mulleria (P.O)

Kasaragod, Kerala, 671543.

Objective

Enthusiastic and passionate biotechnologist with hands-on experience in Molecular biology, Microbiology, Animal cell culture, Plant tissue culture, and Immunology techniques. I am eager to learn about emerging trends and adapt to diverse working conditions, seeking a position to leverage my laboratory skills and knowledge.

Education

- Sri Dharmasthala Manjunatheshwara College (Autonomous), Ujire.
Master of Science in Biotechnology-74.41% (2022- 24)
- Vivekananda College of Arts, Science and Commerce, Nehru Nagara, Puttur.
Bachelor of Science in Chemistry, Botany and Zoology- 92.594% (2019-22)
- Shri Annapurneshwari Higher Secondary School, Agalpady.
PUC - Science - 92.66% (2017-19)
- Vidyashree Shikshana Kendra, Mulleria
SSLC - (2016-17) - 9 A+ and 1 A grade.

Experiences

Internship [18/08/ 2023 – 19/09/ 2023]

Stroma Lifesciences Pvt Ltd | Mathikere, Bengaluru

- Basics of **Animal Cell Culture** – Media preparation, viability test- trypan blue, cell seeding, trypsinization, passaging, cryopreservation, handled cell lines - A549, HeLa, MDA-MB-231, LN-229, and MSC, explant culture from umbilical cord
- **Molecular Biology**- Karyotyping assay, Apoptosis assay, MTT Assays, protein separation by SDS-PAGE and DPPH Assay
- **Microbiology** - Screening for antibacterial and antifungal activity, Minimum Bactericidal Concentration (MBC) by plate count method, and extraction of essential oil and herbal drugs - hydro-distillation methods.

Internship [05/08/2024-05/09/2024]

Mysore Analytical Services | Roopanagar, Mysuru

- Hands-on experience in **HPLC techniques**, including operation, maintenance, and troubleshooting of HPLC systems.
- Proficient in using **semipreparative HPLC** to extract pure compounds from complex samples.
- Basic knowledge of SANTE/11312/2021 guidelines for method validation.
- Experienced in using and calibrating pH meters for accurate measurements.
- Skilled in operating analytical balances for precise measurements in experiments.

Strengths and Skills

- Strong leadership abilities
- Efficient time management
- Teamwork and collaboration
- Event planning and organization
- Proficient in multitasking
- MS PowerPoint and MS Word
- Problem-solving
- Effective communication capabilities

Laboratory Skills

- Good laboratory practices (GLP)
- HPLC and GC
- Gel electrophoresis
- Polymerase Chain Reaction (PCR)
- SDS-PAGE
- Isolation of genetic material
- Widal test
- Dot-ELISA
- Karyotyping
- Morphological characterization of bacteria
- Animal cell culture and Plant tissue culture
- Antimicrobial activity assay
- DPPH and MTT Assay
- Extraction of essential oil by hydro-distillation technique
- Basics of Bioinformatic tools.

Certificates

- Workshops:
 - On High Performance Liquid Chromatography (HPLC) and Gas Chromatography (GC) techniques conducted by Mysore Analytical Services at Mysore on 19th and 20th July 2024
 - Wipro and Clinchoice on “Regulatory affairs” March 2023.
- Poster presentation – “Wound Healing Properties of Coconut Shell Oil” at the International Conference on One Health - Biotechnology as a Catalyst for Sustainable Development (HEAL-BioTech) at Mysuru on 7th 8th, and 9th December 2023
- Paper presentation - "Artificial Intelligence in Personalized Nutrition: A Systematic Review" at International Multidisciplinary Symposium on The Role and Future of Artificial Intelligence (AI) in Human Behaviors at SDM PG Centre, Ujire on 4th and 5th of December 2023
- Attended two days National Conference on Advanced Materials for Chemical and Biological Applications at SDM PG Centre, Ujire on 6/03/2024 and 7/03/2024.
- Participated in a two-day national level workshop on identification techniques of macrofungi and lichens- 6th and 7th December 2019.

Languages

Fluent – English, Kannada, Malayalam.

Conversant - Hindi and Tamil.

Native – Tulu

Academic projects

a. Sacred Groove Ecosystem (Botany):

Guide: Dr. Sri Krishna Ganaraja Bhat S., HOD, Department of Botany, Vivekananda College of Arts, Science, and Commerce, Puttur.

Documented various plant species in a sacred grove dedicated to serpents surrounding Vivekananda College of Arts, Science, and Commerce, Puttur.

b. Larvicidal Properties of *Gliricidia sepium* Leaf Extract on *Culex* Mosquito Larvae (Zoology)

Guide: Dr. Ishwaraprasada K S., HOD, Department of Zoology, Vivekananda College of Arts, Science, and Commerce, Puttur.

Tested the larvicidal efficacy of *Gliricidia sepium* leaf extract on *Culex* mosquito larvae. Achieved 100% mortality at 15% and 20% test concentrations.

c. Biochemical and Wound Healing Properties of Coconut Shell Oil (Biotechnology)

Guide: Dr. Manoj Godbole, Associate Professor, Department of PG Studies and Research in Biotechnology, SDM PG Centre, Ujire.

- Assessed antimicrobial properties of coconut shell oil to understand its role in preventing wound infections.
- **DPPH and proteinase inhibition assays** - to evaluate antioxidant and protease inhibitory activities.
- **Cytotoxicity assays** - to evaluate the safety and viability of cells treated with coconut shell oil.
- **Scratch method assay** to study wound healing character.

Concluded that coconut shell oil exhibited significant antimicrobial and wound healing properties, demonstrating its potential as an effective natural therapeutic agent.
