STRENGTHS

- ☐ **Strong Analytical skills**
Ability to assess and analyze food products for quality, safety, and compliance.
- ☐ **Team Collaboration**
Capable of working effectively with cross-functional team in production and quality control.

SUMMARY

I am a dedicated Food Technology graduate with practical experience in quality control and assurance. My 15 days of QA/QC trainee experience at Navya bakes and confectioneries Industry have equipped me with hands-on expertise in maintaining product quality, ensuring compliance with standards, and understanding industrial practices. Additionally, my Diploma in Health Inspector Certification has strengthened my knowledge of food safety, hygiene protocols, and regulatory compliance, essential for ensuring safe and high-quality food production. My technical skills, combined with my commitment to maintaining food quality and safety, make me a strong candidate for this role.
