

Liliya Shaju

Food Technologist

liliyashaju@gmail.com | +91 8138898939

Profile

Dedicated Food Technologist with a strong foundation in quality control, laboratory analysis, and research. Proficient in conducting precise assessments of food and water quality. Good communication and time management skills, combined with a proactive and organized work approach, ensuring high standards in the food production industry. Eager to contribute expertise to enhance food quality and safety.

Professional Experience

Assistant Quality Controller

Parisons Roller Flour Mills Private Limited, Kozhikode, Kerala

November 2022 - November 2023

- Conduct rheological assessments on all-purpose flour using instruments such as farinograph, alveograph, amylograph, and extensograph to analyze and validate key parameters, including the viscoelastic stability, extensibility, and resistance to extension of the dough.
- Precisely document and interpret data from comprehensive rheological tests, ensuring a thorough assessment of flour quality and its appropriateness for diverse applications within the food production sector.

Internships

Laboratory Analyst Intern

Parisons Foods Private Limited - Edible Oil Refinery Plant, Malappuram, Kerala

September 1, 2022 - September 30, 2022

- Gained hands-on experience and expertise in conducting comprehensive quality assessments of edible oils, contributing to quality assurance processes.

Water Quality Analyst Intern

Addzone Global, Manjeri, Malappuram, Kerala

July 2022 - August 2022

- Acquired practical knowledge in conducting diverse water quality tests, including microbiological and chemical assessments, enhancing proficiency in water quality analysis.

Quality Control Intern

Nirapara, Perumbavoor, Kerala

December 27, 2021 - January 5, 2022

- Gained valuable insights into spice production techniques and laboratory testing procedures, furthering understanding of quality control practices.

Key Skills

- Possess good communication skills, facilitating clear and effective interaction.
- Demonstrates strong listening abilities, ensuring a deep understanding of information.
- Highly organized with a keen eye for detail, maintaining structured work processes.
- Proficient in conducting thorough research to gather valuable insights.
- Expertise in quality control, ensuring products meet high standards.
