

Sujitha Mohan

Microbiologist, Quality Control, Food Safety Certified, Research Fellow, Bacteriologist

A seasoned Microbiologist with over 20 years of experience in food safety, biotechnology, research, and quality control across agricultural, water, and animal health domains. Currently a Water Quality Microbiologist at Kerala Water Authority, with previous roles including Regional Bacteriologist, Senior and Junior Research Fellow, and Lecturer in Biotechnology. Expertise in water quality testing, microbiological analysis, project management, laboratory instrumentation, and quality control. Published researcher and a dedicated educator. TSI HACCP Level 3 Certified.

Work History

May 2020
- Current

Water Quality Microbiologist

Quality Control District Laboratory, Kerala Water Authority (KWA), Thrissur, Kerala, India

- Working on Quality control of water from shops, hotels, schools, and other establishments which is mandatory as per Govt rules.
- Performs standard microbiological examinations of water samples in a laboratory, assists with more complex investigations and analyses, and with assigned phases of research projects; and performs other related duties as required.

May 2019 –
May 2020

Instrumentation and Quality Control Organization

Kerala Veterinary and Animal Science University Dairy Plant, Kerala, India

- One year on the job training program on Instrumentation and Quality Control Organization by KVASU

Mar 2016 -
Aug 2016

Regional Bacteriologist

Quality control Subdivision Kerala Water Authority, Thrissur, Kerala, India

TSI HACCP Level 3 Certified

CB-PRS-002
Certificate Number TSI-G-67953

Competencies

PAPER PUBLICATION

Performance evaluation of cut flower varieties of anthurium under two agro-climatic conditions.
Journal of Ornamental Horticulture.

- Basic Plant Tissue Culture
- Isolation of Plasmid DNA
- Isolation Of plant, Bacterial and Mice liver DNA
- Isolation of RNA from Yeast Culture, Protoplasm
- Isolation, Chromatography Techniques, Production of Biomass
- Lab Scale Production of Ethanol, Immobilization of Cells, and Enzymes
- U.V. and Site Directed Mutagenesis, Genetic Mapping, Transformation, Transduction, Conjugation and other Gene Transfer Techniques, Elisa, Function Of PCR, Western Blot, Electrophoresis, (Page)
- Basic Immunological Techniques, Southern Blotting.
- Immuno Technology
- Plant Tissue Culture
- Recombinant DNA Technology.

Certifications

- Diploma in Computer Application
- TSI HACCP Level 3 Certified

- Working on Quality control of water from shops, hotels, schools, and other establishments which is mandatory as per Govt rules.
- Performs standard microbiological examinations of water samples in a laboratory, assists with more complex investigations and analyses, and with assigned phases of research projects; and performs other related duties as required.

Aug 2009 – Senior Research Fellow

Jan 2010 Paddy Mission, Kerala Agricultural University, Thrissur, Kerala, India

- Senior Research Fellow in the RKVY-Project entitled **“Enhancing Rice Production in Kerala and Attaining partial self-sufficiency.”**

Oct 2008- Junior Research Fellow

Aug 2009 Kerala Agricultural University, Thrissur, Kerala, India

- Junior Research Fellow in the BRNS Project on **“Crop improvement and extension of post-harvest longevity of commercial flowers and foliage plants through the use of radiation”**

Oct 2007 – Technical Assistant

Aug 2008 Kerala Agricultural University, Thrissur, Kerala, India

- Technical Assistant in the DBT Project on **“Scheme for establishment of a biotechnology-based self-contained floriculture unit by rural women”**

Jun 2005 – Research Assistant

Sep 2007 Kerala Agricultural University, Thrissur, Kerala, India

- Research Assistant in the DST Project on **“Microclimatic relations in the commercial production of cut flowers and foliage in the humid tropics.”**
- Research Assistant in the scheme **“Establishment of Germplasm bank for ayurvedic medicinal plants”**

Trainings

- Undertaken Medical Transcription 6 months course.
- Short-term training on Plant Tissue Culture Centre for Biodiversity and Biotechnology – St.Xavier's College, Palayamkottai, TN, India
- Short training on Basic Techniques in Molecular Biology at Muthayammal College of Arts and Science, Salem, TN, India
- International Conference on "New Horizons in Biotechnology" organized by RRL, Trivandrum, Kerala, India
- National Seminar on Biotechnology in Industry, organized by Indian Institute of Chemical Engineers Kochi, Kerala, India
- State level Seminar on Biotechnology, organized by St. Peter's College, Kolenchery, Ernakulam, Kerala, India

Feb 2004 – Senior Research Fellow

Aug 2004 Centre for Plant Biotechnology and Molecular Biology, College of Horticulture, Thrissur, Kerala, India

- Senior Research Fellow in the scheme for **"In vitro fertilization and seed germination in zingiberaceous crops"**, Centre for Plant Biotechnology and Molecular Biology, College of Horticulture, Vellanikkara

Aug 2003 –

**Sep 2003 Lecture in Biotechnology
St. Mary's College, Thrissur, Kerala, India**

- Lecture in Biotechnology at St. Mary's College, Thrissur from July 2002 to March 2003

Education

M.Sc. (Biotechnology): Muthayammal College of Arts and Science, Salem, Tamil Nadu, India (Periyar University) in the year 2000-2002

B.Sc. (Microbiology): Osmania University, Andhra Pradesh, India (Triple main in Microbiology, Botany & Chemistry) in the year 1997-1999

Pre-Degree: Sree Kerala Varma College, Thrissur, Kerala, India in the year 1994-1996

S.S.L.C: Sacred Heart Convent Girls High School in the year 1993-1994
