## About me

---

Motivated and detail-oriented M.Sc. graduate in Aquaculture and Fish Processing with a strong academic and practical foundation in microbiology techniques and food safety standards. Certified in Food and Water Quality Analysis, HACCP Level 3, FSSAI-FoSTaC, and an Internal Auditor for both FSSC 22000 Version 6 and ISO 22000:2018. I bring a solid understanding of quality control protocols and regulatory compliance in the food industry. Driven by a strong sense of dedication and determination, I am committed to ensuring product safety and contributing to the growth and integrity of the industry.

## Professional Experience

---
