Bangalore [+91-9972075195](tel:+91-9972075195) | sowmyac0908@gmail.com | <https://linkedin.com/in/sowmya-c-67926a261>

SUMMARY

Recent graduate with a strong passion for food industry, seeking opportunities to contribute to dynamic teams in areas such as food production, quality control, quality assurance, research and development, product development, or supply chain. Possessing a solid understanding of food safety protocols, basic food processing, and preservation techniques. I am eager to expand my knowledge and learn industry best practices. With a fresh perspective and unwavering dedication, ready to make a valuable contribution to a reputable food company.

EDUCATION

MS Ramaiah College of Arts, Science and Commerce
Master of Science in Biotechnology :CGPA -7.90

Dec 2022 - Nov 2024

KLE Society's S.Nijalingappa College
Bachelor of Science in Biotechnology :CGPA - 9.50

Jun 2019 - Oct 2022

CERTIFICATE COURSES

- 1. Hazard Analysis Critical Control Points** **Dec 2024**
Acquired HACCP techniques used to maintain food safety, seven principles and implementation.
 - 2. FSSC 22000 - Fundamentals of Food Safety System** **Dec 2024**
Requirements for Pre Requisite Programs, steps to obtain FSSC certification and categories of FSSC 22000.
 - 3. Food Processing Technology and Quality of Food** **Dec 2024**
Knowledge about basic principles, methods and techniques in food processing and preservation, food additives and quality of food.
 - 4. Analytical Techniques and Bioinstrumentation** **May 2021**
Hands on experience on isolation of DNA and RNA, agarose gel electrophoresis, PCR, biochemical tests, soxhlet extraction, phytochemical tests and chromatography techniques.
 - 5. Plant Tissue Culture** **Jun 2021**
Learned about media preparation, sterilization, explants inoculation and tissue culture methodologies.
-

SKILLS

- Detection of food adulterants
- Keeping quality [KQ] test
- Biochemical tests
- Phytochemical tests
- BOD determination
- Protein estimation
- Creatinine estimation
- Estimation of percentage of alcohol
- Estimation of total acidity
- Isolation of DNA and RNA
- Agarose gel electrophoresis
- Polyacrylamide gel electrophoresis
- Bioinformatics tools (Beginner)
- Microsoft Office

PROJECT EXPERIENCE

Study of the effect of inulin on growth and competitive ability of probiotic and pathogenic bacteria cultured individually and in combination **Dec 2023 – Aug 2024**

- Cultured probiotic and pathogenic bacteria individually and in combination using a **novel media formulation**.
 - Conducted competitive assays to analyze the impact of inulin on bacterial growth.
 - Evaluated growth patterns to determine prebiotic efficacy and microbial interactions.
-

CONFERENCE PARTICIPATION

- Presented a poster at the National Conference on Trends in Multidisciplinary Research Challenges and Applications.
-

KEY ACHIEVEMENT

- Designed and executed a research project with novel media formulation.
