RIYA DAS

OBJECTIVE

Food Science and Technology enthusiast with a passion for innovation and a deep understanding of food composition, quality, and safety. Skilled in product development, food analysis, and regulatory compliance, I aim to drive advancements in food processing and deliver high-quality, consumer-focused solutions.

SKILL & ABILITIES

Experienced in **New Product Development**, including formulation, testing, and optimization. Proficient in **Food Safety & Quality Management** (HACCP, FSSC 22000) and **Sensory Evaluation**. Skilled in **Laboratory Techniques** (food analysis, chemical testing, microbiology) and **Cell Culture** for research. Technically adept in **Data Analysis**, **Microsoft Office Suite**, and industry-specific software. Strong **Soft Skills**: critical thinking, communication, problem-solving, adaptability, teamwork, and time management.

EXPERIENCES

- **OPERATIONS MANAGER - HUNGER BOX , BANGALORE**

MARCH 2025- PRESENT

Site Manager

Managed food safety programs and operational workflows, ensuring compliance with **FSSAI**, **HACCP**, and **ISO standards**. Oversaw production activities, implemented **CAPA**, and conducted **internal audits** to maintain **quality** and **efficiency**. Collaborated with cross-functional teams to optimize processes, ensure **regulatory compliance**, and improve **product quality** while maintaining a **safe working environment**.

- **PRODUCTION HEAD - PLANTYUM BY KINDLED FOODS, BANGALORE**

JULY 2024- JANUARY 2025

Production & Food Safety Management

Led end-to-end production operations, ensuring **ISO**, **FSSAI**, and **HACCP** compliance and optimizing productivity. Coordinated with supply chain teams for raw material availability and monitored processes to **maintain food safety standards**. Implemented **CAPA** to address nonconformities and improve workflows. Spearheaded new product development, including the successful launch of **Vegan Cake Premixes**, and collaborated with **cross-functional teams** to bring innovative products to market.

- **QUALITY CONTROL AND R&D INTERN, SRI VIJAYA VISAKHA MILK PRODUCERS COMPANY LTD. , VISAKHAPATNAM**

JANUARY 2024- APRIL 2024

Quality Control & Product Development

Proficient in **quality control protocols**, ensuring **HACCP** and **GMP** compliance. Conducted **microbiological, chemical, and physical tests** on dairy products to ensure safety and quality. Experienced in **product development** and **quality evaluation**, including the formulation and testing of **millet cookies with gluten-free multigrain**. Skilled in **sensory evaluation**,

stability testing, and understanding **shelf-life** and **packaging requirements**, with a focus on delivering **innovative, consumer-focused solutions**.

EDUCATION

- **MASTER OF SCIENCE: FOOD SCIENCE AND TECHNOLOGY :**
M.S. RAMAIAH UNIVERSITY OF APPLIED SCIENCES, BANGALORE, KARNATAKA
79.42%

PROJECT - Buckwheat-Based Crackers with Moringa Fortification: Led the development of gluten-free, organic buckwheat crackers fortified with moringa leaf powder. Formulated and tested recipes to optimize taste, texture, and nutrition. Conducted sensory evaluations, sourced high-quality ingredients, and managed production processes while ensuring quality control and compliance with health food standards.
- **BACHELOR OF SCIENCE: BIOTECHNOLOGY (HONS) :**
INSTITUTE FOR EXCELLENCE IN HIGHER EDUCATION, BHOPAL, MADHYA PRADESH
78.95%
- **D.A.V PUBLIC SCHOOL, BISHRAMPUR, CHHATTISGARH - 12th (CBSE) – (PCB)**
84%
- **D.A.V PUBLIC SCHOOL, BISHRAMPUR, CHHATTISGARH - 10th (CBSE)**
83.60%

COMMUNICATION

I am fluent in **English, Hindi** and **Bengali**.

CERTIFICATES AND TRAININGS

- **HACCP, ISO 22000:2018 & FSSC 22000 Version 6.0** Awareness Training - Organized by Foodkida Inc. (An ISO 9001:2015 Certified Organization)
- Hands-on Training in **Hi-tech Analytical Instrumentation for Agriculture and Food Product Quality Analysis** – NIFTEM, Thanjavur
- NPTEL Online Certification in **Dairy and Food Process and Products Technology** – IIT Kharagpur
- SAMBHAV – **Sustainable Advancements for Modernizing Bharat's Food Processing Vision** – NIFTEM, Kundli
- Multi-disciplinary Trends in Food Technology and Nutrition Safety – Department of Food Technology, RUAS
- Koushalya – **Student Skill Development Program** – Panpharmacon Student Club, Dept. of Pharmacology, RUAS
- Training **Program on Vermicomposting Techniques** – Department of Biotechnology, IEHE, Bhopal
- Novel Approaches in **Sustainable and Green Chemistry** – Department of Chemistry, IEHE, Bhopal
