Core Healthcare Ltd., Gujarat, India: March 1994 – June 1995 as Chemist in QC Lab - Sterility / LAL section

MAIN ACHIEVEMENTS

@ Gopal Snacks

completed total documentation for ISO 22000: 2018
Standardization of recipe/batch, quality parameters & process controls for products
Established Rework/Reuse procedures.
Worked out re-size/re-design of laminates & cartons.
Worked out procuring whole raw materials directly and started inhouse pulverizing and blending.
worked out packing w.r.t. excess weight monitoring.
Set up full-fledged Microbiology laboratory.

@ PRIYA Foods

Played a vital and instrumental role in USFDA audit clearance with NAI status
As FSTL ensured compliance of ISO 22000 : 2018 / HACCP / HALAL certification audits during my full tenure
Successful Correspondence with USFDA for Removal of products from import alert list in first attempt.
Clearance of Ginger Garlic Paste which was under detention at USFDA by process filing (escaping heat treatment part)
Got released container under “hold” at UK port – facilitated to acquire health certificate from EIA on post shipment basis.
Coordinated as single point contact to procure COC for all Saudi Exports
Modified labeling design and declarations as per packaging and labeling regulations of FSSAI/LM & different countries.
Carried out accelerated Self Life Study for existing & new products.
participated in development of new masala blends and retorted chutney products (traditional pachadi) & Quick convenient food products.
TPU - total end-to-end monitoring

@ Homefoods

Designed Layout & Infrastructure for new RTE plant at FRI under incubation of CSIR Ghana as per BRC coordinating with FRIGO, Ghana.
Carried out NPD for west African cuisine in flexible retort pouches – Neri Neri soup, Wachye, Fried Rice, Fava soup.
Established Supply chain, Machinery installation including retort commissioning.

@ Vaishvik Foods

Looked after smooth functioning of Canning/Retort processing & Frozen (IQF) for highly perishable products
Assisted in NPD of Jackfruit curry in retort pouch for Global Village Fruit (UK)

@ Bayswater

Vendor evaluation, Price finalization, Raising LPO & OPOs,
Liaison with local Government agencies like NAFDAC, SON,
Maintained harmony between localities and expats all the time.
Worked out & Redesigned plant layout to provide linear process flow and maintain GMP.

@ ADF Foods

Coordinated with different functions in Planning & Procuring of raw material & other production requirements for ensuring timely & smooth running of RTE production on day-to-day basis
Conducted Gap Analysis & internal audits for GMP, HACCP
Taken initiative to implement ISO & BRC clauses & achieving the certification for Sinnar plant.

@ VIMAL Agro

Looked after overall activities of Production, Quality, Packaging & Dispatch of Canned products (mango pulp, RTE, Brined vegetables), Pickle, SMC, Papad, RTE –flexible retort pouches.
Conducted Heat Distribution study for retort & Thermal Penetration studies for new products and processed the data successfully for US FDA Filing to get SID mainly for newly set up - Retort Pouch unit
Creation of recipes, Scale-up of R&D products and commercial production of the same. (patra curried)
Shouldered responsibility as MR (Management Representative) / FSTL (Food Safety Team Leader) & cleared ISO 22000 certification.
