EDUCATION

Bachelor of Technology
(Food Technology)

Saintgits College of Engineering (AUTONOMOUS)
Kottayam, Kerala, India
CGPA : 8.27
2020 – 2024

Higher Secondary Education

Sarvodaya Vidyalaya
Thiruvananthapuram, Kerala, India
Percentage : 86.4%
2018 – 2020

High School

Sarvodaya Vidyalaya
Thiruvananthapuram, Kerala, India
Percentage : 88.67%

EXPERIENCE

1. Skilled Trainee

Indian Council of Agricultural Research - Central Tuber Crops Research Institute
Thiruvananthapuram, Kerala, India
November 2024

- Development and analysis of innovative frozen dessert that combines probiotics and prebiotics using sweet potatoes.

2. Summer Intern

Council of Scientific and Industrial Research - National Institute of Interdisciplinary Sciences and Technology
Thiruvananthapuram, Kerala, India
August 2023-September 2023

- Gained expertise in food equipments and machinery

PROJECTS

- Investigation of Anti-diabetic potential of bioactive compounds from *Phaleria macrocarpa* and *Amaranthus dubius* leaves: Extraction, Formulation and Evaluation of Functional Food Products
- Development and Analysis of Vinegar from Chili Leaves
- Optimization and Extraction of anthocyanins from *Amaranthus dubius*

SKILLS

- Time-management
- Communication
- Leadership
- Multi-Tasking
- Adaptability
- Documentation
- Project Management
- Microbiology
- Food Analysis Equipments
- Food Packaging
- Food Laws and Regulations
- Food Preservation Technologies
- Microsoft Office Suite
- Java Programming

CERTIFICATIONS

- HACCP Level-3 - Manufacturing (HABC UK)
- FoSTac Advanced Manufacturing Level and COVID (Food Safety Supervisor)
- ISO Awareness Training
- Course on Building Equitable and Inclusive Agrifood Systems by Food and Agriculture Organization of the United Nations eLearning Academy on July 2024
- Massive Open Online Course on Project Management by IIT Kanpur through National Program on Technology Enhanced Learning from July 2023 to September 2023
- Massive Open Online Course on Post Harvest Operations and Processing of Fruits, Vegetables, Spices and Plantation Crop Product by IIT Kharagpur through National Program on Technology Enhanced Learning from July 2023 to October 2023
- Course on Nutrition And Health: Food Safety conducted by Wageningen University & Research by edX issued on August 2023
- Course on Learn To Program: The Fundamentals by University Of Toronto on Coursera issued on April 2021

ACHIEVEMENTS

- Secured 3rd position for quiz competition at Eat Right Millet Mela organized by FSSAI at Trivandrum
- Sub Editor of Magazine of Saintgits College of Engineering
- Head of Minutes and Documentation Committee for National Techno-Cultural Fest Nakshathra 2023 by Saintgits College of Engineering
- Resource Person for DART at All India Science and Cultural Exhibition SAMVIT 2.0 at St.Berchmans College, Kottayam, Kerala
- Volunteered for Reception and Hospitality committee for National Level Technical Project Exhibition, SRISHTI 2022 by Saintgits College of Engineering
- Presented a Poster on “Comparative Investigation on Antidiabetic Compounds in *Phaleria macrocarpa* and *Amaranthus dubius*: Extraction, Evaluation and Formulation of Functional Foods” at National Seminar on “Advances in Functional Foods and Nutraceuticals: Bioactive Compounds, Fermentation, and Value Addition” conducted by AFSTI and KVASU, Thrissur, Kerala.
- Presented a Poster on “Comparative Investigation on Antidiabetic Compounds in *Phaleria macrocarpa* and *Amaranthus dubius*: Extraction, Evaluation and Formulation of Functional Foods” at SRISHTI 2024 at Saintgits College of Engineering.
- Presented a paper on Optimization and Extraction of anthocyanins from *Amaranthus dubius* at Esculent: National Symposium conducted by HICET, Coimbatore, Tamil Nadu
- Presented a poster on ‘Computational Approach of anti-bacterial and anti-diabetic property analysis of anthocyanin derivatives from various natural sources:’ at a National Seminar on “Bio-Prospects of Fungi” organized by MG University and NIPST
