- Involved in the entire process from assembly to testing of agricultural machinery
 - Gained hands-on experience in assembling machinery and conducting performance tests
 - Assisted in evaluating machine functionality, troubleshooting, and ensuring quality standards.
 - Collaborated with the technical team to improve the efficiency and reliability of machinery
-

ACADEMIC PROJECT

- Development of Tea Powder from Corn Silk & Aloe Vera
 - Effect of Trichoderma viride as bioinsecticide for post-harvest losses on agricultural commodities
-

PUBLICATIONS

- "Prospects of Tea Processing in India", International Journal of Tea Science, 2024
 - "Tea Nutraceuticals: Unveiling Health Benefits and Bioactive Components a Review", International Journal of Environment, Agriculture and Biotechnology, 2024
 - "Review Paper on Millet: Production, Nutrients, Processing, and Food Products for Health and Sustainability", International Journal of Environment, Agriculture and Biotechnology, 2024
-

ACADEMIC ACTIVITIES

- One-week workshop on "Novel Frontiers in Food Processing," sponsored by ICAR-NAHEP (CAAST) from Kerala Agricultural University, Trissur, Kerala
 - 10-day workshop on quality analysis of agro produce, sponsored by SERB from ICAR PUSA, New Delhi
 - Workshop on "Digital Farming Technologies" by SAIE at Anna University, Chennai (8th March 2020)
-

EDUCATION

Master of Technology in Processing and Food Engineering 2022 - 2024

D. Y. Patil Agriculture and Technical University

- CGPA: 9.12

Bachelor of Engineering in Agriculture Engineering 2018 - 2022

Dhanalakshmi Srinivasan Institute of Research and Technology

- CGPA: 8.46
-

SKILLS

- **Technical Skills:**
 - Knowledge of food processing principles and technologies
 - Familiarity with food safety regulations and standards
 - Understanding of agricultural machinery and equipment design
 - Knowledge of food processing unit operations (thermal processing, separation, mixing)
 - Familiarity with food packaging and preservation techniques
 - **Management Skills:**
 - Strong problem-solving and analytical skills
 - Effective communication and teamwork skills
 - Ability to work in a fast-paced environment and meet deadlines
 - Strong attention to detail and quality control
 - Ability to adapt to new technologies and processes
 - Leadership and project management skills
 - **Computer Skills:**
 - Proficiency in programming languages (Python, MATLAB)
 - Proficiency in computer-aided design (CAD) software (AutoCAD, SolidWorks)
-
